Urgent needs:

- restoring the Community Correctional Liaison Officer Program,
- revamping the federal employee benefits program for Public Safety and Justice employees to significantly increase their access to qualified mental supports,
- re-investing in funding for mental health experts who can work alongside Correctional Program Officers in supporting the rehabilitation of high risk and high needs federal offenders, and
- sustaining an effective hybrid work model for federal public service employees.

Protect RCMP jobs in Alberta

Protect RCMP Jobs in Alberta

Do Right Alberta!

Police services in rural communities are *essential*. We cannot jeopardize the safety of our communities by allowing the Kenney government to gamble with an unnecessary transition to a provincial police force. There's too much at risk and too much uncertainty.

Now is not the time to gamble with the safety and security of Albertans.

If this transition moves ahead...

Proposed model would cost \$759 million

Current RCMP model = \$595

27.5% increase in taxpayer-paid policing costs
